Stoner® E236 Urethane Mold Release

Product Description

Stoner® E236 Urethane Mold Release is specially formulated as a release agent and anti-stick lubricant for molded urethanes and similar materials. Provides fast, easy part removal from molds and multiple part releases per application. Improves molding efficiency in many processes including injection, pour cast, and extrusion molding. Economical – a light coating produces best results.

E236 Urethane Mold Release ADVANTAGES:

- Saves time—lets you remove urethane parts from molds quickly and easily.
- Improves part appearance and reduces defects caused by sticking.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- Colorless and non-staining.

Uses

Stoner® E236 Urethane Mold Release is a release agent and anti-stick lubricant for molded urethanes and similar materials.

Directions for Use

Recommended Procedure

Shake well. Hold can 10 to 12 inches from mold surface. Apply a thin mist coating on mold surface for best results.

Storage and Handling

Do not puncture or incinerate container. Do not expose container to heat or store at temperatures above 120 °F. Keep container away from and do not use near sparks, open flame, heated surfaces, or other ignition sources.

Packaging

Stoner® E236 Urethane Mold Release is available in:

- 12-can case of 12 oz cans
Part # E236
- 5-gallon pail & 55-gallon drum
Part # M804 (Solvent Based)
- 5-gallon pail & 55-gallon drum
Part # P236 (Water Based)
- 31 pound Giant Aerosol
Part # E636
